

Brazilian Shorthair (BSH)

Body

The body is medium sized and muscular, yet slender and elegant. The legs are of medium length, the paws slightly rounded.

The neck is firm, but not strongly muscled.

Tail

The tail is of medium length to long, not broad at the base and slightly tapering.

Head

The small to medium sized head is a moderate wedge, longer than broad.

The profile is slightly curved.

Chin and lower jaw are firm.

Ears

The ears are large. They are higher than the width of the base. They are set high and have tufts.

Eyes

The eyes are large and rounded. They are set wide apart (1,5 eye width between). Eye colour corresponds with the coat colour.

Coat

The coat is short and glossy and close lying to the body. It has a silky texture and no undercoat.

Colour varieties

All colours and patterns, except pointed colours, are recognized. Any amount of white is permitted. The description of colours is listed in the general list of colours.

Special regulations

The novice class is not permitted outside of Brazil.
