

WCF Breed standard

Update 01.01.2010

Chartreux (CHA)

Body The medium sized cat has a strong, muscular body structure.
The legs are of medium length and muscular, the paws are round and firm.
The tail is of medium length and slightly rounded at the tip.

Head The head is broad at the base with well developed, full cheeks, which give the head the shape of an inverted trapezium with rounded contours.
The line of the profile is slightly curved.
The muzzle is small and narrow in proportion to the head.
The neck is short and solid.

Ears The ears are medium sized with slightly rounded tips. They are placed high.

Eyes The eyes are large, round and vivid. They are set wide apart.
The colour varies from dark yellow to copper.

Coat The coat is short, dense and slightly standing. The texture is crisp.

Colour Brilliant, uniform blue. A lighter blue is preferred.

Nose leather blue-grey

Paw pads blue-grey to lavender-pink
