

Persian - Colourpoint (PER)

Body

Medium sized cat has a short and cobby body. Chest, shoulders and back are massive and muscular. Legs are short and sturdy, paws are large and round (tufts between the toes are desired).

Tail

The tail is short and thick, ending in a rounded tip. Furnishing is dense and long (bushy).

Head

The head is round and massive, well proportioned, with full cheeks and a domed forehead.

The nose is short and broad, with a well defined, palpable stop.

The upper edge of the nose leather is not higher than the lower eye lid.

Chin and jaws are broad, massive and strong.

The face is open and expressive.

The neck is short and strong.

Ears

The ears are very small and rounded, set low and wide apart on the skull.

Dense furnishings inside the ears cause the slightly slanted base of the ears to appear not unduly open.

Eyes

The eyes are large, round and open, set wide apart, brilliant and expressive.

Intense orange eye colour.

Blue and odd eyes are allowed only in pure white, also at 01 (van), 02 (harlequin) and 03 (bicolor), providing there is a white mask.

The eye colour of the Colourpoint is an intense blue, the darker the better.

The eye color in the Silver and Golden varieties is an intense green.

Coat

The coat is long and dense; with a fine, silky texture. It is soft, but not woolly. The full, long frill covers the shoulders and the chest.

Colour varieties

All colours are recognized; with white 01, 02 and 03.

The description of colours is listed in the general list of colours.

The colour variety with Siamese points is the **Colourpoint**.

All colours without white are recognized, excluding Burmese and Tonkinese pointed.

The description of colours is listed in the general list of pointed colours
